Washington DC, September 1, 2026

Endorsement of the U.S. Business Mission to Lobito, Angola

Dear U.S. Delegates,

The Embassy of the Republic of Angola presents its compliments and is pleased to express its strong support for the upcoming United States Business Mission to Angola, jointly organized by the Washington Insight Group and the Government of Angola, scheduled from 14 to 19 of November, 2026.

This important initiative represents a timely and valuable opportunity to further strengthen and expand commercial and economic ties between the United States and Angola. By bringing together business leaders, investors, and key stakeholders from both countries, the mission will facilitate meaningful dialogue, foster mutually beneficial partnerships, and create new opportunities for investment, trade, and economic cooperation focused on the Lobito Corridor project.

Angola's evolving economic landscape presents significant opportunities across a broad range of sectors, including energy, infrastructure, agriculture, defense, construction, information and communications technologies (ICT), and mining. The Business Mission will provide U.S. companies with a unique opportunity to engage directly with Angolan entrepreneurs, government representatives, business leaders, and other key decision-makers, while gaining valuable firsthand insight into the Angolan market.

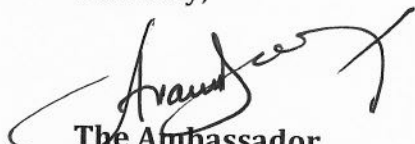

The Embassy of Angola to the United States of America strongly encourages U.S. corporations and investors to actively participate in this important initiative. Direct engagement with Angolan counterparts will not only deepen their understanding of the country's investment environment and economic priorities, but will also position participating companies to develop sustainable partnerships and contribute meaningfully to Angola's continued economic growth and development.

Also, commends the Washington Insight Group for its leadership in organizing this initiative and for its commitment to advancing stronger and more productive U.S.-Angola economic partnerships.

We are confident that this Business Mission will contribute to building lasting commercial relationships and identifying new opportunities for cooperation between our two countries and particularly on the reinforcement of the critical role of Lobito Corridor project in Angola and the southern Africa region.

Please accept, Dear U.S. Delegates, the assurances of our highest consideration.

Sincerely,

The Ambassador
Agostinho Van-Dúnem
